The Course
This two day course will be a gentle introduction to Stata. It will cover how you can look at, summarise and simply present your data in Stata. It will teach you how to generate tables of results and basic graphs. It will contain plenty of hands-on using Stata/IC version 14.0 for Windows, and opportunities to ask questions in a small classroom environment.

Learning to work in Stata takes time and lots of practice. Participants can view attending this course as getting a basic grounding on the road to becoming proficient in Stata. Further experience analysing data using Stata will certainly be needed.

The course will NOT cover any inferential statistics (p-values or 95% CIs).

Thursday 3rd & Friday 4th November 2016

Time: 8.30AM-4.20PM (each day)

Venue: RDH campus, Building 4, NT Health Library, Computer Lab (Room 3)

Cost: $760 (Discounts available for CDU, Menzies, DoH, NGO staff and CDU HDR students)

Presenters:
Menzies Stats & Data Management Teams

Registration deadline: Monday 31st October 2016
Complete the tax invoice and registration form overleaf or available on the Menzies Education and Training webpage

Other information:
Catering is not provided.

This course is running for the 5th time in 4 years. Book early to avoid disappointment. Places are limited.

For further details contact: stats@menzies.edu.au

The Presenters
A/Prof Mark Chatfield and Dr Federica Barzi
Menzies Stats Team

Steve Buchanan and Robyn Liddle
Menzies Data Management Team

Topics to be covered
- Introduction to the Stata environment
- Using the menus and writing syntax
- Getting data in
- Basic data management/manipulation
- Labelling data
- Deriving new variables
- Working with dates
- Combining datasets
- Restricting analysis to a subset of the data
- Describing data values
- A descriptive look at the relation between two factors
- Basic graphs
- Taking results out
- Using do-files and log files for reproducibility and transparency
- Accessing help
Location and Car Parking

- Building 4 is next door to Menzies RDH campus: [http://www.menzies.edu.au/icms_docs/190217_Royal_Darwin_Hospital_campus_map.pdf](http://www.menzies.edu.au/icms_docs/190217_Royal_Darwin_Hospital_campus_map.pdf)
