HOW THE NDIS CAN HELP YOUR CHILD
0-6 YEARS

Information for families and/or carers of Aboriginal children aged 0-6 who may have a developmental delay or disability

If you ticked any of the boxes on Fact Sheet 1 and 2, your child may be able to get help from the NDIS.

ECEI stands for Early Childhood Early Intervention

An ECEI partner can help your child while they are young.

If your child will still need help after the age of 6, an ECEI partner will help you get onto the NDIS.

Your ECEI partner in South Australia is KUDOS Services
